**Meeting—One Week Early!**

## Authorized Band Changes Not Yet In Effect

The new Amateur Radio rules detailed in the recent “omnibus” FCC Report and Order (R&O), WT Docket 04-140, adopted October 4 and released October 10, are not yet in effect. The R&O is available on the FCC Web site.

[http://hraunfoss.fcc.gov/edoes\\_public/attachmatch/FCC-06-149A1.pdf](http://hraunfoss.fcc.gov/edoes_public/attachmatch/FCC-06-149A1.pdf).

The changes will become effective 30 days after they appear in the Federal Register, the official daily publication for rules, proposed rules and notices of federal agencies and organizations. Since publication has not yet occurred, the effective date of the part 97 rule changes cannot be determined. The ARRL will announce the effective date of these new rules as soon as it’s known.

The “omnibus” R&O does not include action on the Commission’s proposal to eliminate the Morse code requirement for all license classes. A Report and order in that proceeding, WT Docket 05-235, is still pending, and the ARRL will announce when the Commission releases it.

## COMMANDER'S CORNER

November already. Last month's voting for ham of the year has been completed. There were no proxy votes to be counted and we found no hanging chad. I think the vote was a good one. If you want to find out who won, come to the Christmas party. It's just that simple.

If you attended our last meeting you had the opportunity to meet 2 of our 3 new members.

Our test session gave

out 3 new licenses last month.

At the next meeting we will vote on officers. If you would like to step up to the plate and be an officer, let someone know. The present slate of officers have been in office for several years and maybe you would like to see some new blood in there.

Our next meeting is the 17th so everyone can enjoy their families on the thanksgiving week end. If you are driving, please do so with care.

See you at Hero/Gambino's at the usual time.
